

NEW 1300 PRODUCTS
Available in 2-Cone or 3-Cone

1300 Series High Air Volume Ceiling Diffusers

AirMate has redesigned our existing 1300 3-Cone product and added the 2-Cone diffuser to our product offering. Now just one unit can be used for T-Bar Lay-in or surface mount applications.

- Engineered for superior high volume performance
- Maintains consistent air pattern over a wide range of air volumes, perfect for VAV systems
- 360 degree air delivery for even distribution across the room
- A full 1 inch collar makes connecting flex duct a breeze
- White Electrostatically Applied Baked on Finish
- Center hole permits easy damper adjustment from the face of the diffuser
- Utilizes die-stamped heavy gauge steel construction and welded frame assembly
- Models with factory installed damper and fiberglass insulation are available
- Available in 6", 8", 10", 12", or 14" round neck sizes
- Tested in accordance with ANSI/ASHRAE 70-1991

NEW 2 - CONE
